Although I am not sure Monica is in the office next week, it looks like 2:00 next Thursday will work for most of us.

Do you want to send an appt., or should I?

Hi Doug – After checking schedules for everyone involved here, it looks like Thursday, August 28th is the best day for a coordination meeting, either at 10:00am or 2:00pm.

Please let me know if this day will work for everyone on your end. If not, we'll have to pick the next least worst date, if we're going to be able to meet prior to the September Open House event.

Thanks,

Steve

Hey Steve,

Sorry about the delay in responding.

The appropriate staff to keep in the loop at CDPHE are Monica Sheets,

Craig Gander, Warren Smith and of course me. Scott Schultz is the attorney assigned to the site.

You might also copy Barbara Nabors as a courtesy but she does not feel the need to be fully involved at this point.

Thanks

Hi Doug – This is a follow-up to our recent conversation about coordination on the Upper Animas Mining District. We would like to set up a meeting with project managers, supervisors, program directors, site attorneys and community involvement coordinators to discuss the draft site management strategy EPA has developed for moving forward with this area.

Please let me know the appropriate people from your office (and the AGO) to include in these discussions. Once we have a complete list of invitees, we'll do the really hard part and look for a date that works for everyone.

Thanks,

Steve
